Be It Officially Noted That

Based on examination of data provided by the above named measurer, the course described above and in the map attached is hereby certified as reasonably accurate in measurement according to the standards adopted by the Road Running Technical Council. If any changes are made to the course, this certification becomes void, and the course must then be recertified.

Verification of Course --- In the event a National Open Record is set on the course, or at the discretion of USA Track & Field, a verification measurement may be required to be performed by a member of the Road Running Technical Council. If such a remeasurement shows the course to be short, then all pending records will be rejected and the course certification will be cancelled.

This certification expires on December 31 of the year: **2033**

PPTC Cherry Tree 10 Miller | Brooklyn, NY

Course Description: This 10 mile course consists of 3 full loops around Prospect Park, plus an extra 36,988 meters to the Finish.

Course Restrictions: Runners are restricted to the Pedestrian Lane (including the striped buffer zone between the Ped. Lane and the Bike Lane). Runners may use both the Ped. Lane and the Bike Lane (but still not the outer 3rd lane) on East Dr between the SE entrance to the park (from Ocean Ave & Parkside Ave) and the SW corner of the intersection of East Dr + Center Dr. Except as noted, this course measured using the full width of the road and the S.P.R.

Measured by Matthew Slocum
